JOHN HERMES

PROFESSIONAL BACKGROUND

John is an honors graduate from the University of Florida's M.E. Rinker School of Building Construction. This program is the largest of its type in the nation, and is nationally recognized for its high skill level of Building Construction graduates.

As a Partner of The Perry Company, John has specialized in the management of large, highly technical projects varying from corporate headquarters to call centers to SCIF facilities. He recently completed the management of American Strategic Insurance headquarters. This \$40,000,000 project consists of two office buildings, and a parking deck. John's educational training specifically tailored him for a career in the construction industry.

This training partnered with a diverse range of construction experience including large scale and technically complex facilities is a strong asset for The Perry Company. His responsibilities include but are not limited to all phases of Project Management, estimating, bid solicitation, scheduling, and closeout.
